Dear Sir/Madam:

Applicant submits the enclosed information disclosure statement that is being filed prior to receiving a first office action and within three months of receipt of the international search report for PCT/IL03/00277. Accordingly, it is applicant's opinion that the examiner at the U.S. Patent and Trademark Office should consider these references in determining the patentability of this application.

This document is also being submitted because on December 1, 2003, we sent this correspondence to the USPTO with the wrong serial number of 10/614,676, instead of the proper number of 10/614,672. We apologize for the prior typographical error.

Applicant is submitting this disclosure of a U.S. reference (copy not attached in accordance with USPTO's new rules), and an international search report in compliance with its requirement under rule 1.56. If Applicant becomes aware of other relevant references that are not cumulative of the submitted references, Applicant will submit them.

Respectfully submitted,

By:
